## PAT CALHOUN OUTGENERALS HIS COWED ENEMIES, RUNS CARS THROUGH STREETS OF SAN FRANCISCO.

*Police Change Tactics and Subdue Rioters—Would-be Shooters and Brickbat Throwers Arrested—More Bloody Heads—Troops Held in Reserve.*

[BY DIRECT WIRE TO THE TIMES.]

### CLAIMS STRIKE IS BROKEN.

SAN FRANCISCO, May 8.—[Exclusive Dispatch.] Patrick Calhoun issued a statement tonight in which he said he will run cars again tomorrow if he has police protection. If not, he will call for troops. He says he believes the back of the strike is broken.

SAN FRANCISCO, May 8.—[Exclusive Dispatch.] Calhoun's strike-breakers faced the mob unarmed today.

Completely surrounded by a flotilla of newspaper automobiles, and guarded front, flank and rear by husky policemen, two cars of the United Railroads ran for miles through the midst of a sullen mob of ruffians who longed to be rioters, but dared not. It was a day vivid with incident.

Outgeneralized by Patrick Calhoun, the Chief of Police simply had to afford the strike-breakers protection; and give him just half a chance, and the big-fisted, rough-necked policeman of San Francisco isn't afraid to walk into hell with the gate open.

There are several cracked heads in San Francisco tonight, but they are nearly all labor-union heads. This mob cowered before the police like a lashed dog.

Jerry Dinan, the Chief of Police, had planned it for a bloody day if published words mean anything.

During yesterday's bloody riot Dinan met Thornwall Mullally of the United Railroads while the running fight was on down Turk street. Shaking his fist in Mullally's face, Dinan, hoarse with rage, yelled: "I'll get you yet, damn you! Tomorrow I'll have policemen with rifles."

### DINAN'S THREATS.

In the morning papers he swore that his men would shoot down the first strike-breaker who opened fire from a street car; swore that he would take pictures of every strike breaker arrested, and would send his men into the stockade after the "scabs" when he had suspicions of things.

In other words, these hapless wretches were to be sent out to be murdered. If they resisted murder at the hands of the mob, the policemen would do the murdering with riot guns.

But Dinan was neatly foiled by Patrick Calhoun. Not many men are wearing medals for getting the best of Calhoun—certainly not poor Jerry Dinan.

Calhoun is an elderly, courtly Virginia gentleman with a keen, penetrating intellect. Dinan is an individual with a thick, red neck and a bull-dog face, and the intellect of a longshoreman. He was probably a fine crossing policeman. He is a ghastly joke as Chief of Police.

Calhoun promptly notified Dinan that today he would send out the cars utterly unarmed, looking to him for protection. And every newspaper around the bay had an automobile there to see the result.

It was intensely dramatic. The hour was well known to be one o'clock. A few minutes before the cars moved, Mr. Calhoun arrived at the office looking white and anxious, with these men's lives in his hands.

"We are going to try a very dangerous experiment," he said, slowly. "We are going to send our men out unarmed."

They had been driven up rapidly a few minutes before, in big closed wagons and the cars were manned and ready inside the barn.

Outside, in the street, a little procession was drawn up—four mounted policemen, two police automobiles, one of which contained Chief Dinan and two police captains. Then the flotilla of newspaper autos.

### A THRILLING MOMENT.

Not a yell, not a sound came from the crowd of strikers, who gathered around the corners as the cars rolled slowly out onto the track.

There were so many automobiles that it was like a club run. People followed in express wagons and on bicycles, in old buggies and on foot.

It was a most curious sight to see this heterogeneous caravan bumping along in a frantic effort to keep up.

The route first skirted the park in rather a fashionable district. Women came to the doors and waved handkerchiefs and clapped their hands.

This may sound like Laura Jean Libbey, but I saw the eyes of one of these strike-breakers fill with tears. For two days past, he had been cursed and abused and shot at and hit with bricks. To have a woman smile and wave her handkerchief at him, brought a reaction of his tensed nerves. He was only a boy, anyhow, with a uniform too big for him—pathetic in its bravado.

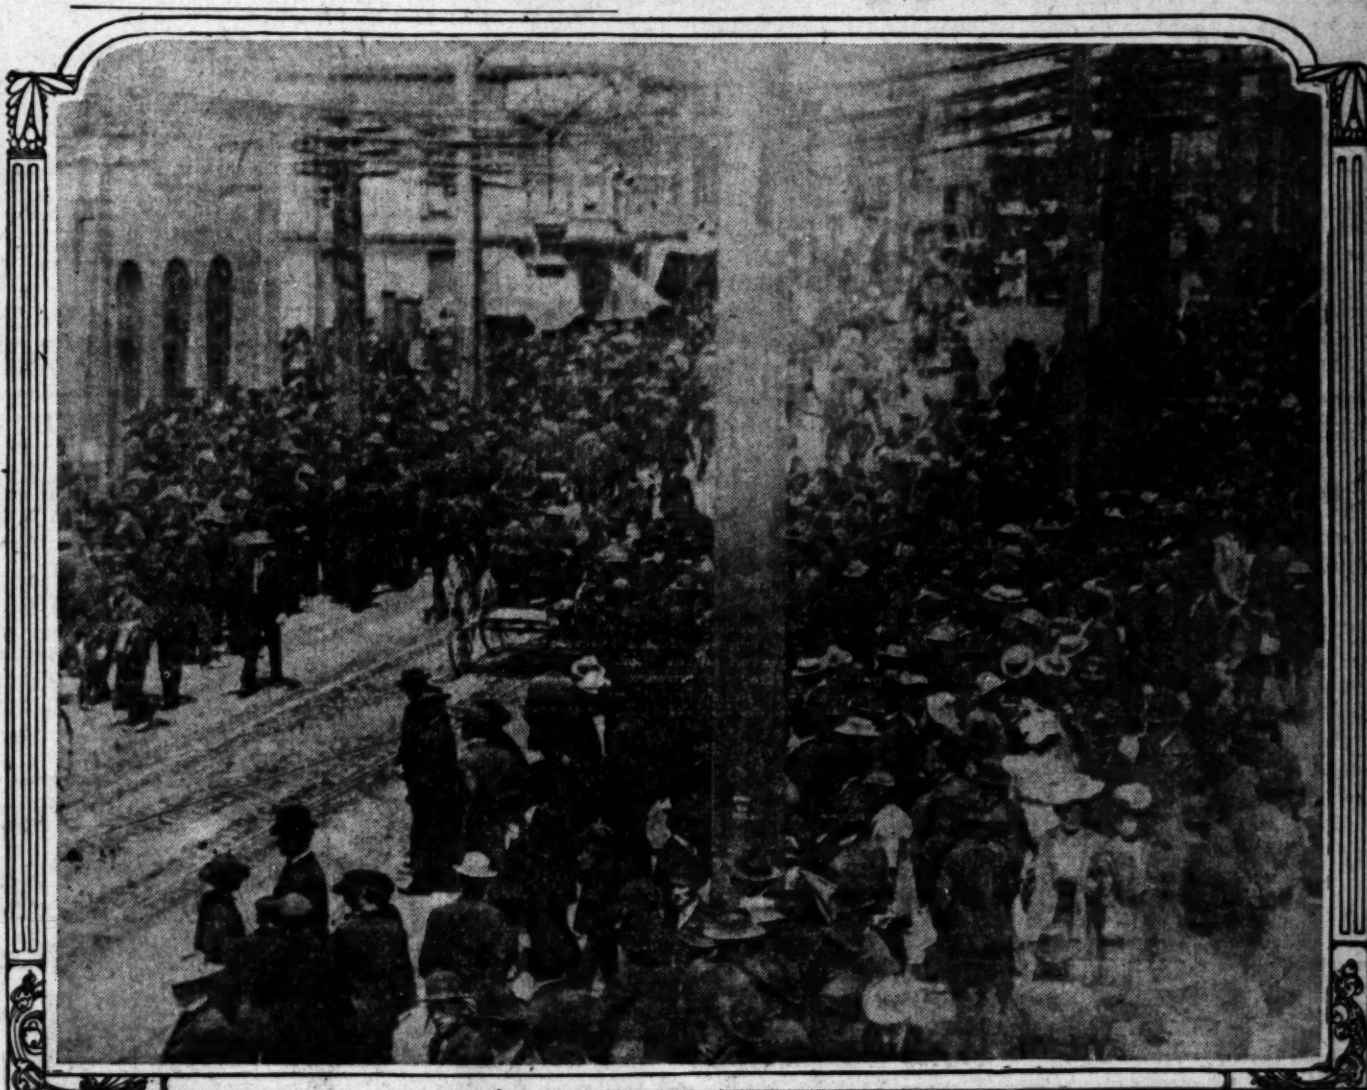

The appearance of the strike-breakers was surprising. They were not stalwart fighters, but mostly pale, clerky looking young fellows.

Only two in the car we followed were professional strike breakers. The rest were employees who had remained loyal to the company.

I thought it very amusing that one of the strike-breakers haughtily requested the newspapers not to call them Farleyites, who, he intimated, haven't had a good standing in strike-breaker society. He assured us that he was of a very superior brand.

There was no trouble until cars turned into Page street, where

## ONE HUNDRED DROWN WHEN SHIP GROUNDS.

*Natives of Uruguay Lasso Survivors from Surf—Many Die from Privation After Gaining Barren Shore Void of Shelter and Food.*

[BY DIRECT WIRE TO THE TIMES.]

MONTEVIDEO (Uruguay) May 8.—[Exclusive Dispatch.] About a hundred of the passengers and crew of the French steamship Polton, of the Transports Maritimes line, from Marseilles April 4, for Buenos Ayres, were drowned yesterday when that vessel was wrecked off the coast of Uruguay. A violent storm had been raging for several days when the ship went ashore off Rincon de Herrero near San José Ignacio, otherwise known as Punta Piedras.

The Polton struck sixty meters from the shore during the height of the gale. Panic broke out on board the vessel when she grounded and a great number of terror-stricken people jumped overboard. Some of them swam ashore but many were drowned. Many others died of exhaustion.

The coast here is almost a desert and there was no provisions or shelter for the sufferers. Nevertheless the few inhabitants worked vigorously and saved many passengers, using lassos

to rescue them from the breakers. Customs officers at Rincon de Herrero saved fifty out of the 300 passengers who are said to have been on board and it is reported that altogether nearly 200 of the passengers have been rescued and are on their way to this city.

Several steamships have left Montevideo this morning for the scene of the wreck. President Williams has ordered the authorities to do everything possible to succor the shipwrecked people. It is believed that the cargo of the Polton will be a total loss.

San José Ignacio or Punta Piedras is a rocky promontory two-thirds of a mile in extent and surrounded by reefs. It is situated twenty-one miles west of Cape Santa Maria on the southwestern coast of Uruguay, and about 150 miles from Montevideo.

The Norwegian bark Charlotte, with a cargo of lumber from Pensacola for Rosario, is also ashore near the Polton.

**BUYER PARIS PROPERTY.**

LONDON, May 8.—[Exclusive Dispatch.] Mrs. C. P. Huntington of New York is reported to have purchased the hotel of the late Baron Hirsch on the Avenue Gabrielle, Paris. The price is said to have been 3,000,000 francs (\$200,000).

### STRIKE TIES UP SHIPPING.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, May 8.—[Exclusive Dispatch.] As a result of the longshoremen's strike eight ocean vessels are held up from sailing on schedule time and more than 4,000,000 pounds of cargo is lying on incoming ships.

The total number of longshoremen on strike in Greater New York is 10,000.

The reserves from six police stations are working overtime. Hundreds of tons of cargo, including vegetables and fruits, cannot be reshipped to their destination.

Several steamship concerns have refused to accept goods until the strike is over.

The loss to merchants in this city since the strike began is estimated to be \$500,000.

**GIRL TEACHER WHIPS PARENT.**

Miss Lillian Smith Enforces Her Decisions With a Pater and is Rewarded.

[BY DIRECT WIRE TO THE TIMES.] DES MOINES (Iowa) May 8.—[Exclusive Dispatch.] Because Miss Lillian Smith, a teacher in the Voorhes public school of Reinbeck, Iowa, whipped Willie M. Albright, a farmer, who sought the righting of an alleged wrong, she was given a raise in salary from \$30 to \$50, a month's vacation and a diamond ring worth \$100 by citizens of the town.

Albright, it is said, did not like the treatment accorded his son and came to the school with the lad to see about it. At the threshold he was stopped by the teacher, who asked him his business, and when he attempted to brush by her she seized a poker standing handy and began using it over his head and shoulders.

Albright beat a hasty retreat. When the school board heard the story they promptly increased the pious young lady's salary.

**DOUGLASS IS INDICTED.**

NEW YORK, May 8.—William O. Douglas, assistant loan clerk of the Trust Company of America, was indicted today on three counts for larceny. He is charged with stealing bonds valued at \$24,150.

**MALE SUFFRAGE DEFEATED.**

TALLAHASSEE (Fla.) May 8.—A resolution proposed to amend the State Constitution limiting suffrage to male citizens was passed by the Senate several weeks ago, and was defeated by the House today by a vote of 47 to 14.

### BIG LINER ASHORE.

Battle Ground in Swash Channel With Carnegie, Rogers and Countess of Yarmouth Aboard.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, May 8.—[Exclusive Dispatch.] The White Star steamship Baltic, bound for Liverpool, went ashore late this afternoon at the mouth of the Swash channel, inside Sandy Hook. At midnight it was said she could not be moved before high water at 7 o'clock tomorrow morning.

It was high water when she poked her nose in the mud, and although several powerful tugs were sent immediately to her assistance she could not be floated.

Admitting that she was firmly grounded, representatives of wrecking companies expressed the hope that they would be able to pull her off the shoal tomorrow.

Many well known persons are among the passengers who fill the cabins of the big ship. Among them are Andrew Carnegie, Mrs. Carnegie and Miss Carnegie, Mr. and Mrs. H. H. Rogers and the Countess of Yarmouth. Several steamships have grounded at or near this point in the last few years.

**CIGAR MEN ANXIOUS.**

Trade Writer Says That the Present Situation in Cuba is Most Serious.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, May 8.—[Exclusive Dispatch.] "Clear Havana cigar manufacturers of the United States are confronting the most serious situation since the Weyer edit," is the statement made in an article in the most recent number of the Tobacco Leaf, by a writer who has conducted an extensive investigation in Cuba for that publication.

The statement is based, says the writer, on the fact that the market is exhausted of all 1905 Havana cigar tobaccos and manufacturers' holdings thereof are low; this year's Partidos crop, which usually furnishes early and light fillers will produce practically no fillers at all, and this year's Vuelta Abajo crop is short.

**STRIKE-BREAKERS BAILED.**

SAN FRANCISCO, May 8.—Eleven strike-breakers who were arrested yesterday for assault to commit murder, were bailed out tonight on a total bail of \$24,500, furnished by the United Railroads. When released from jail the men were taken under guard to one of the car barns. Jess Lamar, who is charged with having caused the death of James Walsh, was not released.

**QUIT CIGARETTES AT VICTIM'S BIER.**

[BY DIRECT WIRE TO THE TIMES.] DETROIT (Mich.) May 8.—[Exclusive Dispatch.] Grieved about the coffin of the dead boy, a dozen companions of Herbert Secret, sixteen-years-old school boy, who died of the excessive use of cigarettes, solemnly vowed today to abandon forever the use of the noxious "coffin nail," in response to the dead lad's dying request to members of his "gang."

Terror was written on the faces and they heard with sobs a statement by the thirteen-year-old brother of Herbert, who said:

"Herbie says to me just before he died: 'Frank, I want you to promise me you will never smoke another cigarette and that you'll ask other boys to quit,' and I promised."

Eight frightened youthful Detroiters today called on Dr. A. B. Wickham, who performed the post-mortem, and received assurances that if they quit the habit there is yet time to become good, strong men.

### LAKE CITY NOW FACING STRIKE.

CHICAGO UNIONISTS AGITATE FOR HIGHER WAGES.

Amalgamated Association of Street and Electric Railway Employees, Same Organization Now Harassing San Francisco, Makes Its Clutches Felt in Middle Western Metropolis.

[BY DIRECT WIRE TO THE TIMES.] CHICAGO, May 8.—[Exclusive Dispatch.] Nine thousand street railway employees, including the men on practically every surface and elevated railroad system in the city, are agitating the question of higher wages and the matter promises to be brought to an issue next week.

The unionists involved in the Chicago agitation are members of local branches of the Amalgamated Association of Street and Electric Railway Employees of America now engaged in bitter warfare with the street car interests in San Francisco.

The men's demands, which have just been formulated for presentation before the end of the week, are for a scale of 35 1-3 cents an hour for motormen and conductors. Their present scale, which expires May 11, calls for a maximum of 25 cents an hour and ranges to 20 cents for beginners.

A strike of cab and carriage drivers was averted by the referendum vote of their union.

## HEAVY ONES SHAKE HANDS.

John L. and Big Bill Taft Size Each Other Up.

Ex-Champion Pleads for a Soldiers' Pardon.

Sullivan Has a Long Talk With the President.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, D.C., May 9.—(Exclusive Dispatch.) Everything was all to the good today for John L. Sullivan when he stepped into the ring with Big Bill Taft. Sullivan, who is 50 years old, was carrying his 230 pounds with a grace and ease characteristic of the only John L. He handed his card to Secretary Lusk's clerk, who was sitting at the desk. As John L. sat in a chair waiting for his arrival to be announced to the President, Secretary Taft walked out of the executive office. John L. saw him.

"There goes the real goods," said John L. "A real heavyweight in intellect and sports." I want to meet him."

While a newspaper man stopped Secretary Taft in front of the executive office another beckoned John L. to come forward. With the grace that he always showed in the ring John L. passed out his famous right and caught the secretary full in the palm of the hand. But Secretary Taft didn't even wince. He looked at John L. square in the face and welcomed him.

"How much do you weigh Mr. Sullivan?" asked Secretary Taft. "Well, I'm a lightweight compared to you," but I expect I have got you weighed about 230 pounds and the former pugilist confessed that he weighed 230 pounds while Secretary Taft admitted that he weighed 230 on a pair of scales to close around 230.

"I wrote you a letter a few days ago," went on Sullivan addressing the secretary and then the two went to one side and Sullivan urged a pardon for a soldier in the army who had been in trouble.

A photographer whose outfit was standing outside waiting for a portrait from Secretary Lusk to take some pictures, nearly had a fit because his person had not arrived and he could not do business as usual. The man stood standing with each other.

The president sent for John L. and they had a talk of some time. When John L. came out he said he had simply paid his respects to the President. "You know the President," said the former pugilist, "and I know the President."

John L. said he was a better fighter, and I like him. He's all right and so is this man. I'll just let them alone. They will take a lot and stand for a good deal until they get going, but when they get started they go like—"and John L. thought he could pay a better compliment to the Secretary of War.

JANUARY WILL BE PARDONED.

His Painful Wife Is "Getting Things Ready for Charlie" at Their Home.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, May 9.—(Exclusive Dispatch.) Secretary Lusk today recommended that John W. January, alias Charles W. Anderson, be pardoned. He recommended that the sentence be fixed at three months from the date of his arrest and that he be pardoned at the end of that time, namely July 10, 1934. The President today approved the Attorney-General's recommendation.

HIS WIFE COLLAPSED.

(BY THE ASSOCIATED PRESS.—P.M.)

KANSAS CITY, May 9.—(Exclusive Dispatch.) When the Associated Press dispatch today reported that John W. January, alias Charles W. Anderson, had today the woman broke down and wept.

Mrs. Anderson, eight of build and overwrought, broke into tears through which she passed through her husband's arrest. April 9, she was making preparations for the coming of the President and his wife to the city. The woman could pay attention to "getting things in shape for Charlie."

When she heard her husband would have to remain in the penitentiary nearly three months longer, she collapsed and gave way to a flood of tears. It was some minutes before she recovered herself sufficiently to speak and express her grief to her husband to be free within three months.

FIND "COURT" BUNCO GAME.

(BY THE ASSOCIATED PRESS.—A.M.)

MARIETTA (Ga.) May 9.—One of the boldest bunco games ever played in this city developed today when Horace and Edward Mally of Burlington, Iowa, complained that they had been robbed in the Common Pleas Court by persons representing themselves to be the judge of that court, the Sheriff and a prominent lawyer.

The lawsuit was here to foreclose a mortgage on a farm of the grandfather and were approached by a stranger who said he was an attorney.

They went to the courtroom, stated the case before the supposed judge, who rendered judgment and ordered the supposed Sheriff to take an execution. They charged \$10 for their services, which was gladly paid by the victims.

## SAN FRANCISCO STRIKE.

(Continued from Second Page.)

from Turk and Fillmore streets, did not become generally known until after the noon hour, and the main crowd stayed around the latter point of concentration until a few minutes after 3 o'clock, when two covered wagons, containing the twenty-one strike-breakers, were driven at gallop to Oak and Broderick, mounted policemen secured them.

Capt. Gleason had instructions from Chief Dismal to board the cars with a detail of officers as soon as an appearance was made and search the operations for revolvers. He was to arrest and send to headquarters any of the strike-breakers whom he found armed. These instructions were conveyed to Assistant President Maffei immediately after the arrival of the cars, and after a brief conference Mr. Maffei gave his word that none of the cars would be armed. This promise was rigidly kept, and there was no search by the police.

The start from Oak and Broderick at 3 o'clock was a police affair compared with yesterday's experience. Chief Dismal, Captains Martin and Gleason, P. J. Connelley, Commissioner and Officer McKevitt led in an automobile. The crowd of five or six hundred men, who were collected at the starting point did nothing more serious than to howl and jeer as the cars proceeded out Oak.

MURDERERS' BLOOD.

The first stone was thrown at McAllister and Devisadero streets, by a union man. It struck John Davison, one of the guards, in the mouth, and he fell back to the ground. The sight of blood streaming from the man's face caught the eyes of the mob as Davison staggered to his feet, and they set up a cheer. The cars were stopped at once, and Superintendent Chapman led his automobile and went to the injured man's assistance. He boarded the car, led Davison to an inside seat, and stood there beside the bleeding guard for ten or fifteen minutes while the car was under way.

Second blood was drawn at Hayes street and Masonic avenue, where members of the Electrical Workers Union, mounted on a supply wagon, blocked the track and refused to move. Mounted officer Budd finally landed the men's horses with his club and got the wagon out of the way. The electricals, crawling and promising revenge, forced their way in between one of the cars and an automobile and kept pace, in a police car, with the strike-breakers. Budd ordered them off, and to enforce the order, struck the face of one of the men. The man responded with his blows, and finally the police car, with a pair of heavy piers. At this half a dozen policemen came to the aid of the police car. They were arrested on a charge of assault and sent to the Park Precinct Street Station.

When Hayes and Devisadero streets were reached a mob of large size packed the sidewalks and the crowd of men, who were taking a walk, and for ten minutes the strike-breakers and their friends, several stone-throwers were collected by officers and knocked down with clubs and clubs.

At this place a carpenter working on a scaffolding threw a hatchet. It fell close to the foreman's car, but struck no one. The man was captured by two officers after a short chase, and was arrested for assault with a deadly weapon. At another point on Hayes street a bartender stepped out of a saloon and tossed a brick at a car. The brick was caught by a police officer, and the man was arrested. The car was then driven to the station.

The two cars that ran the greatest of the mob were Nos. 1288 and 1281. H. Ball was at the controls on the former, and R. A. Strouther on the latter.

After the return to the carhouse and general dispersal of the crowd, the car was driven to the station. Mr. Maffei stated that cars will be operated again tomorrow. He thought it best not to divide the strike-breakers or give the route in advance.

A majority of the strike-breakers returned the cars today came from Kentucky.

TRYING TO SWAY PUBLIC OPINION.

GENERAL MISREPRESENTATION OF RAILROAD MEN.

Statement of Cornelius is a "Daily Bulletin of Outrageous Lies"—Carriers' Union Evidently Worried Over Probable Result of Disturbances—Men Start Fight.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, May 9.—(Exclusive Dispatch.) Every effort is being made here to influence the public in favor of the car strikers, showing the union is worried.

Nearly all the newspapers misrepresent the act of the United Railroads men in defending their lives from a mob and a bomb-throwing mob as an attack by "Frisco" men on peace and innocent union men, it being a fact well known that men deliberately start fights when the odds are 100 to 1 against them.

The San Francisco Examiner published an alleged sketch of the battle of Turk street today, in which the strike-breakers are said to have been out of the car windows and shooting at frightened women.

All the papers published the so-called "statement" of Cornelius, the carrier's union, and which is a daily bulletin of outrageous lies.

STRIKE-BREAKERS COMING.

(BY THE ASSOCIATED PRESS.—A.M.)

OSHAHA, May 9.—(Exclusive Dispatch.) The cars of the San Francisco passed through Oshaha this morning on the Union Pacific. A number of them descended here when they heard of the fighting between the strikers and the non-union men. These men were recruited in Chicago, St. Louis and Kansas City. Another bunch of strike-breakers will go west this afternoon.

REDDING, (Cal.) May 8.—[Exclu-  
sive Dispatch.] While in the discharge  
of his duty, John Hewitt, night watch-  
man and deputy constable, was shot  
and instantly killed early this morning  
in the Owl Saloon in Kennet, by  
George McMann, air compressor man  
at the Mammoth Mine.

McMann was abusing a woman in  
the dance hall when Hewitt entered to  
quiet the disturbance. As he entered  
McMann fired at the officer, and the  
ball struck Nightwatchman Hewitt  
near the heart and he fell to the floor  
dead.

McMann fled from the room but was  
arrested a few minutes later by De-  
puty Constable Littlefield, and lodged in  
jail. Being told that he had killed  
Hewitt, McMann replied: "Well, I  
made a damned good job of it, didn't I?"  
Hewitt was a popular and effi-  
cient officer. At the inquest this after-  
noon, McMann was held to answer and  
was brought to Redding jail tonight.

**STATE FINISHES CASE AGAINST  
WALKING DELEGATE.**

Special Attorney Douglas Makes  
Strong Plea for Prosecution—Wait-  
er in Restaurant Denies Silva Made  
Threatening Move Against Preston.  
Defense Argues Today.

(BY DIRECT WIRE TO THE TIMES.)  
GOLDFIELD (Nev.) May 8.—[Exclu-  
sive Dispatch.] The Preston-Smith  
murder trial is nearly ended. The  
state has announced its cases as com-  
plete.

The most important evidence ad-  
duced today was that of Paul Shultz,  
a waiter employed in the restaurant  
of John Silva, whom the walking dele-  
gate of the Industrial Workers of the  
World, Preston, shot to death. Shultz  
made no threatening move  
against Preston.

This afternoon Special Prosecutor  
Douglas made forcible argument for  
the state. Tomorrow Attorney Hange,  
the I. W. W. counsel from Colorado,  
will make his case for the defense. Fatsy  
Brovier will deliver the principal  
argument for the defendants and the  
closing speech for the prosecution will  
be made by Judge Malone, formerly  
district judge in Colorado.

E. B. Green, who was dining in the  
restaurant at the time Silva was mur-  
dered, flatly denied that Silva had  
threatened the life of Preston or Joseph  
Smith.

A. K. Wheeler, a lawyer, who is a  
mining partner of Diamondfield Jack  
Davis, contradicted the story of  
McKinnis, who stated that J. O. Bliss,  
a witness, who swore to knowledge of  
the conspiracy hatched by the Indus-  
trial Workers, was at the time of the  
murder at the home of the defendant  
at the alleged murderous pact.

Attorney Douglas was bitter in his  
denunciation of the defendant's wit-  
nesses, nearly all of whom are mem-  
bers of or in sympathy with the out-  
law body known as the Industrial  
Workers of the World.

He referred to witness Vincent St.  
John as a man who brought mis-  
ery and trouble to the homes of  
laboring people than any other agi-  
tator who ever disgraced the West.

The plea of Attorney Hange was of  
small weight.

There is intense interest in the case.  
The courthouse does not accommodate  
half of the people seeking admission  
to the courtroom. The witnesses of  
the prosecution and attorneys and  
judge, as well as the jury, are under  
the threats of unknown assassins, who  
have threatened them all with death  
in case of conviction and it is feared  
that it may have some effect upon  
the jury, especially upon those who re-  
side in Goldfield, four in number.

during a struggle to take the gun away  
from O'Brien.

The sheepman came to Reno yester-  
day to vote and visit the girl, whom  
he claims he met in Truckee a year  
ago and has since supported. He went  
to his room late, and had been drink-  
ing, and was going to bed when the  
woman entered the room.

A few minutes after, a shot rang out,  
followed by another, and the woman  
rushed into the hall and shouted: "Will  
he shoot himself; get a doctor!"

Hotel men rushed to the room and  
found O'Brien on the bed with a stream  
of blood spurting from his forehead,  
and before losing consciousness he said  
that his mistress had tried to murder  
him. Orena Lock, who has parents  
and sisters living at Santa Rosa, Cal.,  
claims O'Brien attempted suicide and  
that the first shot was fired while she  
was striving to secure the weapon.  
There is little chance of O'Brien liv-  
ing.

**CAR INSPECTOR INJURED.**

(BY DIRECT WIRE TO THE TIMES.)  
DES MOINES (Iowa) May 8.—[Exclu-  
sive Dispatch.] Angered over the  
murderous assault made by three  
drunken tramps upon Donald Libby,  
an aged car inspector in the Rock  
Island yards, fellow-workmen today  
seized a switch engine and armed with  
guns made an exciting chase to a  
point three miles west of the city,  
where they overtook the hobnob labor-  
iously trying to make a get-away on  
a hand car.

Covering the tramps with their guns  
they forced them to get into the en-  
gine cab and brought them to Des  
Moines, where they were lodged in  
jail.

Libby, whom the tramps struck on  
the head with a coupling pin, has not  
recovered consciousness and it is be-  
lieved will die.

KANSAS CITY, May 8.—Clyde St.  
Clair, aged 23, son of George St. Clair,  
prominent citizen of Independence,  
Mo., was shot and killed on the pub-  
lic square in that city at an early  
hour this morning by Van Tappan,  
aged 23 years, his intimate friend. The  
two young men had attended a party  
together at the home of a young woman  
with whom both were in love and  
were returning home when they en-  
gaged in a quarrel over her which re-  
sulted in the tragedy. Tappan went to  
the Police Station and voluntarily sur-  
rendered. He said he shot St. Clair  
in self-defense when the latter threat-  
ened him with a revolver. There were  
no witnesses.

**Deputy Constable Killed.**

REDDING, May 8.—Deputy Con-  
stable Jack Hewitt was killed at Ken-  
net early this morning by George Mc-  
Mann, who also attempted to slay  
Deputy Constable Littlefield. The  
tragedy occurred in the tenderloin  
district. Hewitt was shot through the  
heart while attempting to eject Mc-  
Mann from a woman's room. The  
murderer walked out and on meeting  
Deputy Littlefield tried to shoot him  
but the officer covered him with his  
pistol and forced him to surrender.  
When arrested McMann said: "I've  
done a good job."

**GAVE AWAY MILLIONS.**

NEW YORK, May 8.—James Henry  
Smith, the millionaire who died in Ja-  
pan a few weeks ago, gave away \$27,  
000,000 to relatives and charity before  
his death, according to a statement  
made by one of the executors of the  
estate. The executor declared that Mr.  
Smith inherited \$50,000,000 from his  
uncle, the late George Smith, and that  
there now remains about \$25,000,000  
to be divided between the heirs.

# BURNS GETS DECISION IN VERY POOR FIGHT.

All Bets Declared Off by Order of McCarey—Box Office Disagreement Alleged to Be Cause—Promoters Lose Money on Advertised Purse.

## HINTS THAT IT WAS CROOKED.

Manager Tom McCarey on whose orders the bets were declared off when asked this morning to state some reason for his action said:

"There were enough suspicious circumstances for me to believe that something might be wrong, and to cause my action. I do not consider that any one was hurt by having the bets declared off, while they might have been wronged if they had been allowed to stand. That is all the reason I will give tonight. I do not care to implicate any one at this time."

**TOMMY BURNS** and Jack O'Brien put up the cheapest fight for the highest priced admission in the history of Los Angeles pugilism. In their bout at Naud Junction, last night.

Burns received the decision at the end of twenty rounds, but it was through no good work of his, for O'Brien would not fight except in spurts measured by seconds of time, and during the remainder of the three minutes of each round he sped about the ring with Burns alternately chasing him and standing in the center of the ring looking on in disgust; and when O'Brien made a stand, Burns refused to lead.

All bets were declared off by Referee Charles Eytan before the men stepped into the middle of the ring. Manager McCarey ordered this action, and Eytan refused to give a reason at the ringside, but referred all questions to McCarey.

The house was away below expectations and the promoters had lost money on the venture. The battle was delayed by Billy Nolan demanding his share of the purse or a binding guarantee, and the crowd waited a full hour before the men reached a settlement.

The majority of the spectators seemed of the opinion that the fight should have been declared no contest, but as a decision was ordered Burns was given the verdict, O'Brien not even protesting or evincing any interest in the action of the referee.

Had the price of admission been ordinary, the crowd would have been more than disgruntled, but as the patrons paid fancy prices to witness the battle, they expected the participants to put up a fast exhibition throughout. Instead, the fighters wasted their time and a feeling of discontent with the whole affair is prevalent among visitors and local fight fans who have witnessed good battles.

O'Brien did very little fighting, and Burns did less than in their first contest. Burns was willing enough to mix it up, but when he might have gone in and taken a chance he became cautious and danced about until the opportunity to really mix it was lost.

Very little punishment was dealt by either man. A real good blow was not struck. Burns inflicted the more punishment, but nearly every blow delivered by him was struck at close range when the men were coming together or glancing off at long range. O'Brien had nothing but a left jab with an occasional right which he failed to deliver often because he was afraid to get in close.

O'Brien at times ran for dear life never minding the storm of blows which came. Then when Burns got in close and mixed it with him he held on desperately, as he did in the first battle. Referee Eytan refused to allow the men to stay together until they got busy in the fighting, and promptly broke them. Nevertheless, they were locked every time, and broke for many minutes of the fight for which the spectators were paying \$500 a minute. While the men were dancing in the ring or chasing about the same rate of money was being paid.

Burns cut O'Brien above the nose and on the left eye. He also battered his mouth so that O'Brien was spitting blood throughout most of the fight. O'Brien raised a roof on Burns' right eye and puffed his eyes, nose, and mouth, while his left eye was also badly considered, and he also spat blood at times. Otherwise the men were not injured and came out of the battle apparently fresh, considering they had indulged in twenty rounds of work.

Eytan who weighed large sums of money demand a specific reason why the bets were declared off. Commissioners received much money from Easterners visiting Los Angeles, to bet on one man or the other. Those who bet on Burns want to know why the bets were declared off, as they are unable to cash on Burns, who won.

## CROWD IMPATIENT.

### HAD LONG WAIT.

The big pavilion looked like an empty barn at 7:30 o'clock, for the electric parade kept many people away, and the festivities of the Shriners kept the nobles up town. There were not over 400 people in the house when the parade started, but each car brought the sports and at 7:45 o'clock the house began to fill rapidly, and by 8 o'clock was over half full. Every minute brought more people, and at 8:20, when the preliminary boys came on, there were close to 800 in the house.

There were many new faces around the ring, there being probably 100 Shriners present, and fifty were their fees. A lot of the best-known men present might read from a page from the directory of the hundred cities. There were faces there that had Medina, Al Malakiah, Islam, Madison, India, and Elia, embroiled on the scene. There were others.

Coffroth of San Francisco's ex-fight trust, Squire manager, Kennedy, and dozens of others equally well known in the sporting world were at the ringside.

At 8:45 o'clock when the preliminary came on, there were few vacant seats in the house with the exception of a number of 50 chairs and the seats in the corners up under the roof. It was a good-natured crowd that gazed every one, smoked, chatted, yawned, hooted, and even sang, a big bunch in the east side of the building singing about forty verses of that good old song, "We're here because we're here."

## WILLIS PROVES TO BE BIG JOKE.

### LOOLOOS SLAP HIS CURVES ALL OVER THE LOT.

#### FOURTEEN SWATS AND THREE BUNGLES RESULT IN MANY USELESS SCORES.

#### DILLON HITS HOME RUN UNDER THE RIGHT FIELD FENCE—FIREMAN EOLA PLAYS NASTY TRICK.

#### LOS ANGELES 2, SAN FRANCISCO 4.

#### AFTER THE LOOLOOS GOT THROUGH WITH WILLIS AT THE BALL GAME YESTERDAY, HE LOOKED AS IF HE HAD WALKED 24 MILES ACROSS THE HOT SANDS AND THEN HAD THE CANOE STOP ON HIS HEAD. IF HE HAD BEEN THE FALL GUY FOR THE ENTIRE CONCLAVE HE WOULD NOT HAVE BEEN ANY WORSE OFF.

#### DILLON WAS BACK IN THE GAME FOR THE FIRST TIME IN A WEEK AND HE PUT HIS BAT IN THE PITCH. OF COURSE THEY CALL THIS ONE A BUNGER, BUT HE SHOWED HE IS ABOUT AS GOOD AS ANY OF THEM, YESTERDAY, FOR HE HELD THE GRATERFERS TO SIX STRIKEOUTS, AND THEN HE HAD THE GUN, AND GAVE NO LESS THAN EIGHT BASES ON BALLS, BUT HE HAD PERFECT SUPPORT AND WAS NEVER IN DANGER.

#### THE LOOLOOS SEEMED TO STRAIGHTEN OUT DURING THAT POOR WILLIS HAD, THE LAST INNING BEING THE ONLY ONE IN WHICH THEY DID NOT MAKE A HIT. THE LOOLOOS SEEMED TO BE IN THE FIRST THREE INNING, AND MIXED IN WITH TWO SOAKS IN THE LAST TWO PASSES, TWO ERRORS AND A RACED OFF, BROUGHT IN EIGHT RUNS. IT WAS ALL VERY EASY AND THE SCORE WAS AS MUCH ONE-SIDED AS THE NO ONE THOUGHT OF TRYING TO STOP THEM.

#### THE DILLON'S HOME RUN THROUGH A HOLE IN THE RIGHT FIELD FENCE AND FIREMAN EOLA'S STRONG ARM PLAY IN THE SEVENTH INNING WHEN HE DELIBERATELY GRABBED DILLON'S ARM AND PREVENTED HIM FROM MAKING HIS RUN.

#### OF COURSE DILLON DIDN'T SEE THIS AND WILLIS, ON WHOM THE DOUBLE WOULD HAVE BEEN MADE, SCORED ON HIM.

## Beautiful Spangled Robes

ORIGINAL AND EXCLUSIVE DESIGNS

We've just received eight very handsome hand-made spangled robes, which are undoubtedly the most beautiful show pieces ever displayed in Los Angeles. These were made expressly for the opening display of one of New York's leading importers. Made from special drawings and most beautifully executed. They are German goods and are worth in the city of Cologne today \$100.00 each. That means that they are worth at least \$50.00 in Los Angeles. They are all different and none of them can be duplicated. Sale price \$30.00 each.

## A Carefully Selected Lace Stock

To begin with, every piece of lace at Bullock's is new. They were selected by an expert whose taste and judgment are unquestioned. Every popular make and style is here—an endless variety of all-overs, suitable for costumes, waists, yokes and sleeves—edgings and flouncings of all widths—also bands, insertions and galloons. If you've a lace want of any sort you'll do yourself an injustice if you fail to visit Bullock's before purchasing.

## An Incomparable Trimming Stock

All the new trimmings are here in well-nigh endless variety—braid, passementeries, ornaments, appliques, medallions. Persian bands and spangled novelties. Newest ideas of both domestic and foreign manufacture. Prices extremely moderate. Section A, main floor.

## There is Plenty of Room in Our Restaurant

If you've had difficulty in getting a seat in any of the restaurants during First rush why not come to Bullock's? We have one of the largest dining rooms in the city; it is light, cheerful and well ventilated. Expert and courteous attendants to serve you promptly and well—the menu is extensive and inviting and the prices are very moderate. There is music each day from 11:30 until 1:30. Try it but once and we are sure you will come again.

H. CLAY PIERCE, President of Waters-Pierce Oil Company, who is under arrest for perjury.

## OIL DIRECTOR SURRENDERS.

H. CLAY PIERCE ADMITS TEXAS COURT'S JURISDICTION.

Gov. Folk Issues Warrant for the Arrest and United States Circuit Court Gives Writ of Habeas Corpus on Application of Defense. Perjury in Affidavit Is Charged.

(BY THE ASSOCIATED PRESS.—F.M.) ST. LOUIS, May 8.—Through his attorney, J. D. Johnston, H. Clay Pierce, chairman of the board of directors of the Waters-Pierce oil company, surrendered himself today on the indictments returned against him in Texas charging perjury in an affidavit he made to the Texas Attorney General, the purpose of the affidavit being to reinstate the Waters-Pierce oil company in that State from which it had been ousted on the ground that it was a part of the Standard Oil Company. Mr. Pierce and his counsel were detained in conference with the authorities for some time after his surrender.

While Mr. Pierce was on the way to the Court House, former Judge Henry S. Priest, appeared in the United States Circuit Court before Judge Adams to ask for a writ of habeas corpus directed against the police department, commanding it to produce Mr. Pierce.

The writ was issued by Judge Adams returnable forthwith and it was said by the clerk of the court that as soon as it could be agreed on the Chief of Police, Mr. Pierce would be taken into court. Chief of Police Greney stated that Pierce had voluntarily surrendered, and the statement was made by Detective McCarthy that Pierce was arrested on a warrant issued by Gov. Folk which makes extradition papers unnecessary in order to take Pierce to Texas.

**ONE DEAD, SIX MISSING.**  
Fire Destroys Five-Story University Building in Kansas City With Fatal Results.

(BY THE ASSOCIATED PRESS.—F.M.) KANSAS CITY, (Mo.) May 8.—Fire here this afternoon destroyed the five-story University building at the north-west corner of Locust and Ninth streets, causing a property loss estimated at a quarter of a million of dollars.

One life was lost, six persons are missing and may be buried in the ruins and fifteen people were more or less seriously hurt. The fire is still burning tonight and cannot be reached until tomorrow.

The building was occupied by Montgomery, Ward & Company, an office, and by numerous artists and musicians, who lost everything.

The known dead: GEORGE DE MARRE, aged 32 years, an art instructor. Among the missing: Miss Maude Whitebert, a piano teacher; last seen at the window of her studio on the fifth floor.

Among the injured: Miss Alexandra Blumberg, a Russian countess, skull fractured; she may die. The total loss is estimated at \$250,000, with insurance of perhaps \$150,000.

# Free Excursions Every 20 Minutes Every Day. See For Yourself, Everybody Welcome

FREE ROUND TRIP TICKETS from Los Angeles to Redondo and Return, on Cars Going Every 20 Minutes, Every Day, are Given Away at Our Office Absolutely Free Upon Application. Also Free Automobile Ride at Redondo.

## The Beautiful "Redondo Villa Tract B" The Beautiful

Only \$90 Per Lot \$4 Down, \$4 Per Month No Interest, No Taxes  
Dirt is Flying, Rails Are Being Laid, Spikes Are Being Driven. Join the Rush to Redondo

Large, level lots, 50x150 feet. Rich Soil, Pure Water, Fine Climate. All lots, including corners, one price—\$90 per lot—no more, no less. You know what you have to pay—\$90 per lot—no higher. At Redondo over \$2,000,000 has already been expended in grand and substantial improvements. The beautiful "Redondo Villa Tract B" is on the Camino Real (King's Highway) boulevard connecting Redondo with Los Angeles. We have just bought this beautiful tract for \$151,000, and believing in the principle that it pays to let our customers make a profit, hence we have decided on this grand profit-sharing plan. We will make a profit and all our purchasers are guaranteed a profit of 25 per cent. within one year, as per our written agreement.

**MR. H. E. HUNTINGTON IS EXPENDING OVER A MILLION DOLLARS A ROUND REDONDO IN SUBSTANTIAL IMPROVEMENTS.**  
Go down to Redondo and see for yourself. At Jefferson street and Grand avenue see the immense stacks of heavy steel rails for the double-tracking of the present two electric lines of the Los Angeles and Redondo Railway Company. The rails are arriving daily. Dirt is now flying. Better buy now. Then there's the Los Angeles-Pacific Railway Co.'s electric line to Redondo, the broad-gauging of which will soon occur. And in addition to the above three electric lines now running to Redondo is the great Santa Fe steam railroad. With four lines of transportation it would seem as if same would be sufficient, but surveys are in the field laying out the shortest line of all to connect Los Angeles with its choicest seashore suburb—Redondo. Mr. Huntington is now building at Redondo the largest electric power house on the Pacific Coast, to cost \$1,250,000, as first as men and money can do it. Go down and look at the mammoth cement snookstack.  
A suburban electric railroad is now nearing completion at Redondo. The grand three-story business block of Mr. W. M. Garland at Redondo is just finished. Follow successful men like Mr. Huntington and Mr. Garland—they know that Redondo is substantial and a safe place to invest in. Buy anywhere around Redondo and you are sure to make large profits. Three commercial wharves. A safe harbor by twenty years' practical test. Redondo is permanent and has just begun to grow. Then again, referring to successful men, we notice that the following men have bought to the north of Redondo:  
Mr. Edwin Chambers, the far-sighted General Freight Agent of the Santa Fe; Mr. George H. Peck, the successful banker of San Pedro; Mr. John J. Byrne, the capable General Passenger Agent of the Santa Fe, and Dan Murphy, the millionaire oil operator of Los Angeles. A word to the wise is sufficient. **BUY.**

Remember that your purchase is made with the distinct understanding that we will refund all money paid us, with 6 per cent. per annum interest added, if, after visiting the "Redondo Villa Tract B" it is found that we have misrepresented our proposition in the slightest particular.

### 25 Per Cent. Guaranteed Increase

For \$4 down and \$4 per month until paid for we will sell you a "Redondo Villa Tract B" lot for \$90, subject to the following guarantee from us: If at the expiration of one year from purchase this \$90 lot is not worth \$125.00—or 25 per cent. increase—based on the price at which our corps of salesmen will then be selling similar lots, we will refund all the money you have paid us, with 6 per cent. interest additional. If you should die at any time before payments have been completed, we will give to your heirs a deed of the lot without further cost. If you should lose employment or be sick you will not forfeit the land, but as each written certificate of sickness or non-employment is received monthly four times for payment will be extended another month.

### Our Restrictions

No saloons, no shanties, no factories. Purchasers are not compelled to build, but if they do then they must erect attractive looking houses, there being no "dollar limit."

We leave it to each purchaser to build a pretty looking house, which must be neatly painted, as we know that for a moderate sum one can now build a very pretty bungalow. Lumber is cheap at Redondo, as there are three commercial wharves at Redondo, at which lumber shippers are daily discharging their cargoes.

If Russell Sage, the multi-millionaire of New York, told you that you could make a fortune in suburban real estate (especially when it costs you only \$4 down and \$4 per month) wouldn't you be impressed? Well, listen! That's just what Mr. Sage did say in the New York World of September 28, 1902: "Young man, buy real estate, especially acre property, in the outlying boroughs, and then work hard at your usual vocation. Your real estate purchase will make your old age comfortable."—Russell Sage.

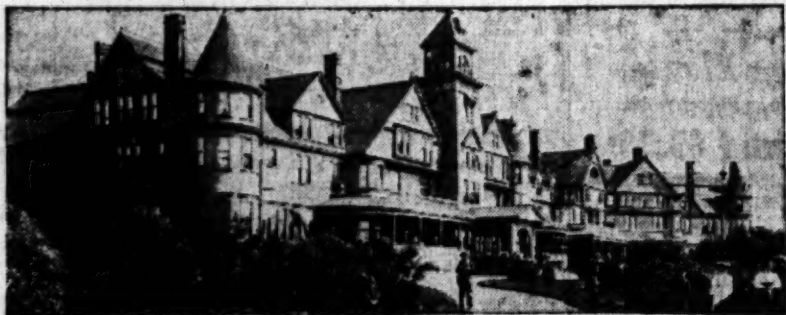

**COME ON! COME ALL!**—Office open every night during week days from 7 to 9 p. m. to accommodate those who cannot come during the day.

### WHO SAVED JOHNSON DIES.

ROSS, HISTORICAL, IS DEAD.

United States Senator He Who Kept from Impachment—Political, Social, Financial Ruin.

WIRE TO THE TIMES: (N. M.) May 8.—[Exclusive Dispatch.] Edmund G. Ross, of New Mexico and United States Senator from that state, died at his home in Washington, D. C., today, after a long illness.

### GOVERNMENT TO SUE BIG TRUST.

HARVESTER COMPANY FACES PROSECUTION.

Intimation That Department of Justice Was Lagging in Efforts Under His Administration Causes Atty.-Gen. Bonaparte to Tell of Action Which Will Be Begun Soon.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, May 8.—[Exclusive Dispatch.] As an answer to the charges that the Department of Justice, under his direction is remiss in its attention to anti-trust cases, Atty.-Gen. Bonaparte let it be known today that suit will shortly be filed under the Sherman anti-trust law against the International Harvester Company, commonly known as the harvester trust.

Proceedings have been brought in many Western States against the harvester trust under State laws. The lead was taken by Nebraska and was quickly followed by Minnesota and Kansas.

The government action will take the form of a suit to dissolve the harvester trust as a monopoly in restraint of trade.

The International Harvester Company is a corporation representing chiefly the McCormick and Deering interests. The agitation against this trust in a Federal sense dates from the adoption of a resolution last December by the House of Representatives, which directed the Bureau of Corporations to make a complete investigation of the trust and its methods.

This investigation is now completed and the evidence has been forwarded to the Department of Justice. The papers have been on file for several weeks and further investigating with a view to making the case at law has been prosecuted by department agents.

In brief, the Department of Justice has evidence showing that since the creation of the trust one price has been quoted on all farming implements manufactured and that this price has gradually increased.

The chief complaint against the trust has been that it sold in foreign markets at from 20 to 60 per cent. less than to American consumers. It has been charged that the trust has been for years various dealers in agricultural implements have complained against the methods of the trust and those dealers have supplied the Department of Justice with much information.

### A WOMAN IN THE CASE.

Beautiful Wife of Brooklyn Terminal Company Aid in Getting Rebates for Sugar "Trust."

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, May 8.—[Exclusive Dispatch.] Back of the alleged rebates which Western and some Eastern roads are accused of paying the sugar "trust," is a story of how these deals were engineered by a beautiful woman, whose "week-end" parties, golf meet-

ings and famous dinners were largely attended by railroad officials.

One of the western officials today explained that most of the rebate business was transacted through the beautiful wife of Thomas W. Riley, who represented the Brooklyn Terminal Company, and which routed shipments over Western roads.

Riley drew a salary of \$7500 a year, but he and his wife entertained at a \$50,000 a year clip, and their famous house at Lakewood was the center of railroad officialdom—until the government began to get busy. Then the alleged illegal transactions were called off and Riley found himself out of employment.

It is believed he assisted the government materially with information of how the rebate deals were carried through, and because of which four Western roads have already been indicted.

### COURT UPHOLDS BROKERS.

Decides That Trades Are Not Gambling Transactions and That Loser Must Pay.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, May 8.—[Exclusive Dispatch.] The action of the brokers on the Board of Trade and Stock Exchange in closing out traders when additional margins are demanded and refused, were upheld today in a decision by Judge Dupuy in the Superior Court.

Suit was begun by Dr. Waldo P. Johnson, who sought to recover stock valued at \$7500 from Milmine Bodman & Co., brokers. Johnson alleged the transactions were gambling transactions. The court decided the deals were not gambling transactions. Johnson bought and sold large quantities of stocks, grains, cotton and coffee. The margins were not furnished and the trades were closed out.

**SMELTER CLOSES DOWN.**

SALT LAKE, May 8.—The plant of the American Smelting & Refining Company at Murray, a suburb, employing 1000 men, closed down today because of a strike of 229 men, ore haulers and furnace chargers, who demand an increase in pay.

### CATARH CAN BE CURED

Kill the Germs by Breathing Hy-m-ei. Gives Quick Relief.

Many people who have suffered with catarrh for years naturally feel that the disease cannot be cured, and become discouraged.

Their failure to get relief is due to the fact that they have not used the right remedy. Catarrh is an affection of the head, throat and lungs, and cannot be cured by stomach dosing.

The only scientific and natural treatment for this disease is Hy-m-ei, which is breathed through a neat pocket inhaler, so that its healing medicated air reaches the most remote air-cells, kills all catarrh germs and restores the mucous membrane of the nose, throat and lungs to a healthy condition.

We do not want anyone's money unless Hy-m-ei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hy-m-ei or we will send it by mail on receipt of price, \$1.00, and every package is sold with the distinct understanding that it costs nothing unless it cures. Booth's Hy-m-ei Company, Buffalo, N. Y.

## THE CITY IN BRIEF

### NEWS AND BUSINESS.

#### Pigeon City.

The management of the Pigeon City (Dayton street) opens the establishment free to all Shriners guests for Saturday.

#### Really Board's Committee.

The committee appointed by the Los Angeles Realty Board to work for a full vote on the question of the Owens River bonds, inadvertently contained the name of J. J. McGarry as published. It should have been D. F. McGarry.

#### College Holiday.

The University of Southern California has recognized Fiesta privileges by granting the students a full holiday Friday. Merchants in the southwest are equally patriotic, and stores will be closed Friday.

#### Ascension Day Services.

Ascension day will be observed today with appropriate services at St. Paul's Cathedral. There will be holy communion at 7:30 and 10 o'clock this forenoon and shortened morning prayer and a short address at 10 o'clock by Dean Wilkins.

#### Banks Closed During Parade.

The following-named savings banks of the city have agreed not to open Friday morning, until after the floral parade: Security, German-American, Southern California, Equitable, California, and Home. After 1 o'clock p.m. these banks will be open.

#### Auto Fractures His Leg.

T. Gonou stepped in front of an automobile driven by Dr. C. E. Mattison of Pasadena last night and his left leg was fractured. The accident occurred on Main street, between Temple and First streets. Gonou was taken to the Receiving Hospital and later to the County Hospital.

#### Land Office Holiday.

The United States Land Office will be closed on Friday. The Commissioner of the General Land Office, recognizing the character of the great day of the Fiesta, telegraphed from Washington yesterday that the Registrar and his clerks should take Friday as a holiday.

#### Little Girl Hits Playmate.

While playing in the yard with Little Ruby Viney yesterday afternoon, Harry Balsberg, 5 years old, who lives at 134 E. Rose street, was struck by the child with a bar of iron and sustained a deep cut. The boy was taken to the Receiving Hospital where five stitches were taken in the wound.

#### To Advertise Siskiyou.

T. J. Knowlton, secretary of the Yreka Chamber of Commerce, arrived yesterday with specimens of rich gold ore from Siskiyou county. He wants Shriners to know the wealth of his section and has placed the samples in the display window of S. Nordlinger & Son.

#### Horse Kills Baby.

George Simsburn, the 2-year-old son of Mr. and Mrs. C. A. Simsburn of No. 815 East Fourth street, was instantly killed at M. L. McKenna's livery barn on Hewitt street yesterday afternoon. A horse stepped upon the child and crushed his head in. The body was sent to Pierce Bros. morgue and an inquest will be held today.

#### Test Case Probable.

P. Ryan was arrested yesterday while passing handbills for a distributing company, because he had no license. When he is tried in the Police Court, an effort will be made, it is said, to test the validity of the ordinance which forbids the distributing of bills on the street without a license.

#### Horse Rolls on Aide.

B. E. Rico, aid to the grand marshal of the electrical parade, sustained a fracture of the left leg last night. While riding along Spring street the horse slipped and fell and then rolled upon the rider's leg. Rico was taken to the Receiving Hospital and later to his home, No. 1363 East Forty-seventh street. He is a deputy sheriff.

#### Work Train Bumps Wall.

Henry Leukfeldt, one of the proprietors of the Art Metal and Machine Works, aged 50 years, was struck and seriously injured by a Pacific Electric work train at 9 o'clock yesterday morning near the intersection of Washington street and Long Beach avenue. Leukfeldt was removed to the Receiving Hospital and his injuries were dressed. He sustained a dislocated left shoulder.

#### Near Death from Gas.

R. L. Reutlinger, No. 425 California street, was found unconscious in his room yesterday. Gas was escaping from an open jet and Reutlinger narrowly escaped asphyxiation. A window in the room which was slightly open probably allowed much of the deadly fumes to escape and to this fact Reutlinger owes his life. He explained that he had gone to bed with the gas lighted and the wind had blown the gas out.

#### Her Brother Commits Suicide.

A wife to the Times yesterday from Tucson, Ariz., stated that C. M. Rice committed suicide in that city yesterday forenoon. Request was made that his sister, Mrs. M. B. Brown, be notified. Brown is in town to the number of several hundred, and inquiry failed to locate the sister Mrs. M. B. Brown. No motive was assigned for the act of Rice. His remains will be interred by the authorities in Tucson unless word is received from his relatives in this city.

#### Will They Find It?

In the Fiesta floral parade tomorrow one of the contraptions of the department will have a float which will reproduce as nearly as possible the great seal of the State of California. To give the number of the company would be to tell just where to look for this float. It is the intention of the firemen to give a suitable prize to the first school boy or girl who recognizes the seal and is able to tell what the various objects it shows represent. It is believed that hardly three out of every ten adults would be able to accurately describe the seal. The float therefore may prove an interesting lesson in the history of the State.

#### BREVITIES.

Visiting Shriners. Friends at home will want to know what a lovely time you are having in the oases of Los Angeles, amid the orange groves and the flowers. #### SEEKS DUMB WIFE.

Profiting by First Marital Experience. Widower Now Wants Helpmeet Who Cannot Talk.

[BY DIRECT WIRE TO THE TIMES.] MANDERSON (S. D.) May 8.—[Exclusive Dispatch.] Roger Manchester, a Washington court widower of middle age and moderate means, is advertising for a woman to become his wife who cannot talk. He says he will take his own woman who can hear—that, indeed, he prefers one who is not deaf, but he insists that she must be the sharer of his joys and sorrows, must be as dumb as a wooden Indian in front of a cigar store.

He has communicated his wants to several matrimonial agencies and says if they do not succeed in finding the sort of woman he desires to take as his wife, he will advertise in the newspapers.

Manchester's wife died a year ago. He was not happy with her. She was an inveterate talker and disposed to be shrill. Manchester is a retired engineer and has a comfortable income.

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

Municipal ownership faddists have raised a feeble cry in favor of the city building a railroad line from Bakerfield to Independence; they may make it to the Southern Pacific after the aqueduct is finished.

The city library has received posthumous contributions in the form of letters written by John Adams and his son, John Quincy Adams, former Presidents of the republic.

Night Watchman Rushton at Eastlake Park has made a complaint to the Park Board against what he terms unseemly conduct on the part of Police Officers R. H. Morgan and D. F. Murphy.

John Larmore, husband of the contestant, testified in the Darrow will contest in the Superior Court yesterday. He described a visit to Eben Darrow when the old man was suffering intensely.

Mrs. Margaret Jack was granted a divorce yesterday from William F. Jack on a counter-complaint.

Bitter affidavits were filed yesterday by John Bryson, Sr., and his attorney. The latter denies that Gladys Lamberton had anything to do with his being retained to contest the charges technically directed against her, but in reality against John Bryson, Sr., charging him with incompetency.

Thomas Masey, who is accused of having attempted to kill Detective Zeigler while resisting arrest, was arraigned in the Police Court yesterday and held under a \$5000 bond for examination on Saturday.

R. Edwards, a Polytechnic High School pupil, was fined \$5 in the Police Court, yesterday, because he disturbed the peace on Spring street, Tuesday night, while the Fiesta parade was passing.

## AT THE CITY HALL.

**WANT CITY TO BUILD ROAD.**

**FADDISTS FIND NEW USE FOR BOND MONEY.**

Think City Should Construct Railway to Independence and Sell It to the Southern Pacific After the Aqueduct is Finished—No Official Support.

The influences which placed a municipal-ownership plank in the last Democratic city platform are now at work to induce the administration to endorse the building of a municipal railroad from Mojave to Independence.

Their idea of securing a water supply is that the city shall build and equip the railroad and sell it to some railroad company after the aqueduct is finished.

Mayor Harper has declined so far to consider the proposal for a municipal railroad, even to the extent of discussing the question with the Board of Public Works. There were some things in the Democratic platform which the Mayor doesn't care to attempt to carry into effect at the present time.

This Chief Executive is not enough of a banker and business man to realize that the city must sell and hold on to the substance of an adequate water supply before it begins to chase after the shadow of railroads and gas plants.

The present agitation has been occasioned by the visit of certain officials of the Southern Pacific company to the Owens Valley. Southern Pacific engineers will be here this week; they will probably confer with the aqueduct board as to the use the city will have for a railroad into the Owens Valley while the big conduit is building.

The Southern Pacific is expected to build the road for the reason that it would connect with the Harriman line at Bakerfield. It would be used by the railroad as a line into the Handaburg mining district.

The municipal-ownership faddists propose that the city shall build the line and sell it to the Southern Pacific when the conduit is finished. They also propose that the city shall build a railroad to San Pedro. As it requires money or bonds to build railroads, and just now the city has neither to spare, it is not likely that the faddists will receive any very extended support.

## COMEDY OF BLUNDERS.

**POLICE-PARK CONTROVERSY.**

Park Watchman George W. Rushton has appealed a case affecting two police officers from the Chief Kern to the Police Board.

A month ago an altercation occurred between Rushton and Police Officers R. H. Morgan and Dennis F. Murphy at Eastlake Park. The officers were in the park late at night with their rifles. In his report of the altercation to the Park Board, Rushton alleges that the two policemen drew guns. He called to his assistance Patrolman McLaughlin and secured the numbers of the stars worn by the officers.

The Park Board referred the complaint to the Police Commission.

Chief Kern said yesterday afternoon that he received a report of the altercation a month ago from Officer McLaughlin. Rushton also made a complaint to the police. The Chief investigated the affair and came to the conclusion that it consisted chiefly of a comedy of errors. The park watchman thought he was being held up and the officers believed they were the victims.

At the conclusion of his investigation the Chief suspended Morgan for three days and Murphy for five days without pay and considered the incident closed.

Watchman Rushton is a brother of a park commissioner, and thinks the officers were not punished severely enough by Chief Kern.

## LIBRARY IS HONORED.

City Librarian Lummis has just received a most interesting contribution to the collection of autographs, sketches in ink and in water colors, and manuscript pages at the library. Mr. Lummis reported this contribution to the library board as follows:

Charles Francis Adams, the famous writer and lawyer of Boston, and president of the Union Pacific Railroad from 1884 to 1890, in sending his own autograph page adds posthumous contributions from his father, grandfather and great-grandfather. Perhaps in no other family have there been four generations in succession so distinguished.

John Adams, from whom there is a two-page autograph letter signed the date of Stonyfield, June 23, 1801, was the second President of the United States and this letter was written to his brother shortly after his retirement. A prominent figure in the Patriot party of Massachusetts and a member of the Revolutionary Congress of 1774; he was also a delegate to the first and second Continental Congress. He was the man who proposed George Washington for commander-in-chief of the American army. He was one of the signers of the Declaration of Independence and was commissioner to

Paris in 1778. He negotiated the peace with the Netherlands, with Great Britain, and with Prussia; and later was Minister to London.

John Quincy Adams, son of John Adams, was the sixth President of the United States. He was United States Minister to the Netherlands and to Prussia; United States Senator from Massachusetts from 1802 to 1808; United States Minister to Russia; one of the negotiators of the treaty of Ghent; Secretary of State and so on. His contribution to this archive is an autograph letter to his brother, Thomas Adams, from London, May 15, 1798.

The third generation is represented by the signature of Charles Francis Adams, first, be a cheque in 1881. He was the son of John Quincy Adams and the Free Soil candidate for Vice-President in 1848; a member of Congress from Massachusetts, 1859 to 1861; United States Minister to England 1861 to 1868; United States arbitrator at the Geneva tribunal in 1871 to 1872.

## POEM OF WELCOME.

**MAYOR FORGOT HIS LINES.**

Mayor Harper discovered yesterday that he forgot his poem of welcome when extending the freedom of the city to the Shriners Tuesday. The Chief Executive intended to include in his address the following poetical effusion:

"Welcome, oh, Shriners dear,  
Coming from far and near,  
This town is all your own.  
Each street and cobble stone  
Is yours and yours alone;  
These do we greet you.

"Welcome, oh, Shriners gay,  
Bright be each festive day.  
All hours be shiners  
From mountains to the sea  
All sights and scenes are free;  
This land belongs to thee.  
Most noble Shriners."

## WALL IS DEFECTIVE.

Acting on the advice of the City Engineer, the Board of Public Works instructed the City Clerk to advertise for bids for repairing the west entrance to the Third street tunnel.

From the engineer's office came the report that the west portal is not secure, there was a recommendation that underground be placed under the north wall. It is for this that bids have been asked by the Board of Public Works.

## SIX MONTHS' GRACE.

In a communication to the Council, the Church Federation has asked that the wholesale liquor dealers outside the saloon zone shall have not more than six months time to move inside. The federation recommends that the whole saloon zone be made to include the general lines of the saloon limits.

**DARROW WILL CONTEST OFFERS PATHETIC FEATURES.**

John Larmore, Husband of Contestant, Describes Visit of Himself and His Babies to Suffering Grandfather. Letter Reported to Say: "Tell Maud to Come and See Me."

John Larmore, husband of the contestant in the Darrow will contest, which is on trial in the Superior Court, gave testimony yesterday. He told of a visit he had paid to his wife's grandfather, Eben Darrow, on February 1, 1906, some time after the old man's affliction is said to have cooled toward his erstwhile favorite grand-daughter.

"Mr. Darrow did not speak to me when I went into the room, carrying the two babies," the witness testified. "He spoke to him, and he asked me how I was. He seemed to be coughing his life out. By and by he asked me if I was still working for the gas company. I told him yes.

"Then he said: 'Oh, God, how I am suffering. I guess it's all over with me.' He turned over on his side, and in a moment he asked me again if I was still working for the gas company. I told him yes.

"Then he noticed the babies, and asked which was Frank and which was Jim. He said: 'Tell Maud to come and see me.'"

Mrs. Maud Larmore previously testified that after her grandfather, had turned against her, under the alleged influence of his nephew, Frank Darrow, he had refused even to notice her when they met on the street.

## END OF JACK CASE.

**DIVORCE GRANTED TO WIFE.**

The Jack divorce case at last has reached its conclusion. Filed October 8, 1906, the suit has been delayed by the filing of several related actions, including a cross-complaint for divorce filed by Mrs. Margaret Jack and a \$15,000 libel suit brought by Isabelle Stoddard against Mrs. Jack, and founded on the

allegations in the latter's cross-complaint.

Judge Houser yesterday granted an interlocutory decree of divorce to Mrs. Jack, on the cross-complaint, awarding her title in the lot at Burke Station where the Jack's home had been, and \$30 per month until the final decree is issued.

In the original complaint, filed by William F. Jack, a carpenter, cruelty was charged on several counts. The cross-complaint charged that he had driven the plaintiff and her two children from the house, and that they had been compelled to take up their residence in the cow shed. Further, it was alleged that Jack greatly preferred the society of his housekeeper, Isabelle Stoddard, to that of his wife.

The libel suit was brought by Mrs. Stoddard after the filing of the cross-complaint, but no summons ever was served. Dissolution arose between Mr. Jack and his housekeeper, and yesterday he testified that he had treated her most unkindly.

## BITTER AFFIDAVITS.

**BY BRYSON AND ATTORNEY.**

No more affidavits have been filed in the Bryson case, couched in bitter terms, and which may widen beyond all closing the family breach which a report declared was nearly closed.

The affidavits were made by John Bryson, Sr., and C. F. Hanson, Mr. Bryson's attorney. The latter denies the charges against him, but in reality against John Bryson, Sr., charging him with incompetency.

The charges of conspiracy to loot the Bryson estate, in which H. Hollins, F. D. McDowell and others are made co-defendants with Gladys Lamberton, will be tried in the Superior Court on May 16. The charge of incompetency will be tried in the Probate Department on May 20.

## WANTS HIS SALARY.

**COUNTY CLERK AFTER AUDITOR.**

David Martin yesterday filed an affidavit in the Superior Court, asking a writ of mandate to compel City Auditor W. C. Muesel to issue a warrant for \$175, the amount claimed by Martin as salary as clerk in the County Clerk's court for the month of April.

According to the affidavit, Martin's demand for salary, based on a recent action of the Legislature, increasing the salary from \$150 to \$175 a month, had been approved by Justice Chambers and by the filing committee of the City Council, but Auditor Muesel refuses to issue the warrant.

The affidavit asks that the Auditor be instructed to issue the warrant or show cause why he should not do so.

## LONGSHOREMAN'S WILL.

**ESTATE LEFT TO SAN PEDRO.**

A will made under strange circumstances and devolving an estate of \$3000 to the estate of San Pedro after the death of the testator, to whom a life interest was given, was presented for probate yesterday in the Superior Court. The will was admitted to probate by Judge Wilbur.

The maker of the will, George L. Reed, a longshoreman and pioneer of San Pedro, never had thought of making a will until one day when there came upon him a sudden conviction that he was about to die. Hastily sending for City Attorney Henry Sieglitz, who was his friend, Reed had him draw the will, and told of his forbidding. Sieglitz ridiculed the idea of the old man being near death. Scarcely had he left his home, however, than word was brought him that Reed was dead.

## SICK MAN DEPOSES.

**COURT AND COUNSEL VISIT HIM.**

At 11 o'clock yesterday morning Judge Conroy and counsel interested in the intonation suit of the Catalina Island Company against the Meteor Boat Company adjourned from the Superior courtroom to the rest-room of F. H. Lowe, No. 488 Central street, Pasadena. The deposition of Mr. Lowe, who was too ill to attend court, was taken. The sick man was formerly superintendent of the Catalina Island Company.

The police believe Masey has guilty knowledge of the existence of a gambling and thieves' den. He was arrested near the corner of Fifth street and Maple avenue Tuesday afternoon. He had just left a disreputable resort when Detective Heisekko accosted him and tried to place him under arrest. It was then, it is said, that Masey shot at Zeigler, who was assisting Heisekko. The proceedings yesterday were brief. Masey had nothing to say and was taken back to jail.

**High School Boy Fined.**

R. Edwards, a Polytechnic High School student, who was arrested Tuesday night during the Fiesta parade, was arraigned yesterday before Justice Rose on a charge of having created a disturbance on Spring street. He was fined \$5, after having spent a night in jail.

About fifty of the young men's friends were in court when the case was called and testified as to the conduct of Edwards on the night in question.

Edwards, who is 17 years old, declared he had never before been arrested. He admitted that he and companions had "lock-stepped" and pushed their way through the crowd. Patrolman Paulz, who made the arrest, testified that Edwards had resisted arrest and had used abusive language.

**Waiters Arraigned.**

C. F. McDonald pleaded guilty yesterday to a charge of petty larceny when arraigned before Justice Rose. He was fined \$20 or thirty days in jail. John Fell, also charged with petty larceny, pleaded not guilty. The two men have been employed by Al Levy as waiters and are charged with having stolen silverware.

**JUVENILE COURT BOYS.**

**Fine Salvation Army Farm in Sonoma County, Wins Approval of Judge Wilbur.**

The attention of the Juvenile Court of this city has been directed to the fine property of the Salvation Army home and farm at Lytle Springs, Sonoma county, and yesterday a party of four boys were taken from there to that place. It is thought that the splendid grounds and equipment will prove an ideal place for a boy to develop both morally and physically.

The property was formerly the Lytle Springs health resort and contains 650 acres, most of it farming land, but it has handsome shaded lawns, where the children can play. The buildings are of the best character for such work, and beside the farm, poultry yards, stock yard and shops for mechanical work, a day school is conducted under the public school system, where the children may have the same educational advantages as those outside.

The Salvation Army paid \$20,000 for the property and still owes a balance of \$25,000, which it is now endeavoring to pay off. Judge Wilbur said last night that he is well impressed with the advantages this home offers to children who are to be saved from the Whittier Reform School, and he will send others there as occasion requires.

The property is known as the Golden Gate Orphanage and Industrial Farm for Children, and is under the care of Major and Mrs. C. W. Bourne.

The Wyoming Wool Growers' Association has issued a circular advising sheepmen throughout the State that a conspiracy is being planned by eastern wool-buyers to force down the price of wool in spite of the manufacturers' demands. Producers are advised not to sell their wool under any circumstances less than the 1906 market and the association offers to buy the wool at last year's prices, if eastern buyers will not pay as much.

## COX PICKS HIS STATE TICKET

TAFT FOR PRESIDENT, AND FORAKER FOR SENATOR.

Former Leader of Ohio Republicans Advises His Friends to Get Together and Secure Another Buckeye Chief Magistrate by Nominating Roosevelt's Choice.

THE ASSOCIATED PRESS.—CINCINNATI, May 18.—Party headquarters with Taft for President, J. B. Foraker for United States Senator, and L. Harris for Governor, is the programme advanced by George F. Cox, former Republican leader in Hamilton county, in a statement given to the Associated Press today. Reports from Columbus and Washington had named Cox as engaged in the contest of nominations leading toward a compromise between Taft and the Foraker camp, but Cox denied such negotiations.

"As far as I am concerned," he said, "there is absolutely nothing to this. I have retired from active participation in politics, of course, but I absolutely refuse to advise friends."

As to the Ohio situation he says: "In my judgment the time has come for the good of the Republican party a compromise should be done. Our watchword should be 'success for the Republican party,' and so I advise you to support Mr. Taft for President, J. B. Foraker for Governor, and L. Harris for Senator."

## DEALS IN FUTURES FEATURE ON CHANGE.

Trading in futures, both on the floor and on the bull side of the market, in Associated Oil was a feature of the session of the Los Angeles Stock Exchange yesterday morning. Puts and calls were especially active, to the brokers and the volume of trade, in this single security, was much in excess of that on any other stock. In all 80 shares changed hands. Ten shares sold for 35 cash, 30 were tied up at 35.50 on a thirty-day call, while 30 shares were sold at 36, on a thirty-day put. The close was at 37.71-29.35.

Mexican petroleum was the other trader among the oil stocks, 2500 shares of Mexican Petroleum sold at 1.25-1.26 cash, 1000 shares at 1.26-1.27, the stock closing at 1.26-1.27. The stock was offered for sale at 204, with the best bid remaining at 200 almost until the close. Western Union retained the strong position, taken several days ago, closing at 36.50-36.50, each quotation being lower on all sides during the session. New Pennsylvania Oil was firm at 1.74-1.80. Central 1.14-1.15. Columbia Oil remained steady at 2.60-2.70. Others show little change.

## Liver Sluggish?

Make the Skin Help  
The pores of the skin are the body ventilators—keep them open.

When the liver is sluggish, circulation is slow; the skin and all organs suffer; yellowish pigment is deposited from the waste-charged blood throughout the skin, and the very pores become clogged.

Pond's  
Extract Soap  
keeps the skin ducts so clean that they are like windows open to sunshine and fresh air, letting out impurities, letting in purifying oxygen and the Pond's Extract in the soap, keeping the glands and collated to the activity which keeps the eyes bright, the head clear, the foot light, its whiteness indicates its purity. From your druggist.
